

GENERIC FLAG TEMPLATE

This document contains a generic template for sending us your flag design.

Print it out and sketch your design roughly onto it to show us how the different design elements are to be placed.

There is a box to give pantone colour references and font styles if you have specific requests.

The third and fourth pages of this document are examples of how your completed template might look.

We will prepare ONE visual free of charge - any subsequent changes will incur a cost of £5 per alteration, so please insure your layout is correct and as detailed as possible when sending us your first copy.
